Make it yours
VMZ Composite

www.vmzinc.com
Our mission at VMZINC is to give the means to architects to create this unique design that they have in mind for their clients. Our team of dedicated architects, engineers and technicians provide innovative solutions that respect budgetary requirements whilst helping meet industry standards.

Examples of services provided by the VMZINC teams:

- Feasibility analysis of even the most complex projects,
- Prototypes,
- Recommendations and drawings,
- Library of CAD drawings,
- Written specification,
- Quantity estimates,
- BIM Catalogue.
